How to use this template
1. Enter items for comparison into the symbols labelled "Object, Event or Person".
2. Enter similarities into the central subtopics.
3. Enter differences into the symbols to the left and right.
4. Add subtopics as necessary using the Create tool.
5. Use the Note tool to add notes and record detailed information.

Benefits of using the Comparison template
The ability to discern similarities and differences is the basis of analytical thought. This template helps students visualise the elements involved in comparison and synthesise them for the purpose of drawing conclusions and making generalisations.
